

Saltmarsh Fleabane

Pluchea odorata

An erect annual with flat-topped clusters of pink-lavender flower heads, it has a faint camphor fragrance. This plant adds color to marsh grasses at the end of the growing season. Prefers full sun and moist conditions. Its dense pinkish flowers are often used in dried flower arrangements.

Bloom Season: Early Summer - Mid Fall

Flower Colors: Pink

Soil Tolerance: Average, Moist, Poorly drained, Well drained

Height: 1-3 feet

Spread: 2-3 feet
