

Purple Joe-Pye Weed

Eutrochium purpureum

Purple Joe-Pye Weed, also called Sweet Joe-Pye Weed, is named after its purple stems and/or vanilla-scented, pink flowers. The fragrant blooms help deter deer. This plant likes moist soil and can tolerate clay soil. Part shade is where this Joe-Pye Weed prefers, but can also handle full sun. *Safe for pets.*

Bloom Season: Mid Summer - Late Summer

Flower Colors: Pink, Purple

Soil Tolerance: Clay, Moist

Height: 4-7 ft **Spread:** 3-4 ft

PERENNIAL
