

False Indigo

Baptisia tinctoria

Upright, multi stemmed, warm season, shrubby perennial with showy bright yellow flowers. Prefers dry, sunny locations in gravel, sandy or well-drained loamy soils. It has a high tolerance to acidic soils. Once established it is a long lived, hardy plant with few problems and requires little maintenance.

Bloom Season:	Mid Spring - Late Summer
Flower Colors:	Yellow
Soil Tolerance:	Average, Sandy, Dry, Well drained
Height: 2-3 feet	Spread: 2-3 feet
